

120th Avenue NE & NE 73rd Street Water Main Replacement

January
2010

Planning

Design

Construction

Complete

- Increase water main efficiency
- Reduce maintenance
- Deliver high quality water

UPDATED: To expedite construction the contractor may start work at 7:30 am at locations where school traffic is not impacted or when school is not in session.

Who: The contractor, Freeman Bell Construction, will be working with the City of Kirkland to replace the water main along NE 73rd Street and 120th Avenue NE. See map on reverse side.

When: Construction activity is expected to start February 1st, 2010 and last for approximately two to three months. Typical hours of operation are Monday-Friday 9:00 am to 6:00 pm.

What to Expect: In order to complete the project as efficiently as possible, the contractor will be restricting parking along the roadway. No-parking signs will be posted 24 hours in advance of all parking restrictions. During construction, there may be inconvenience associated with driving through the work zone; traffic control and flagging operations will be in effect. Emergency vehicle access will be maintained throughout the construction process. The contractor is required to backfill and/or cover their work at the end of each day so there will be no open trenches left over night. Businesses and residents will be given two days notice prior to any planned water system shutdowns.

How You Can Help: Your cooperation in ensuring the area of roadway affected by the project is not obstructed with vehicles or other items is greatly appreciated.

Thank you in advance for your patience and cooperation as we make improvements to your neighborhood. Please contact us should you have any questions or concerns. For status updates go to the City's Website at http://www.ci.kirkland.wa.us/depart/Public_Works/Capital_Improvements.htm

Sincerely,

Noel Hupprich, P.E., Project Engineer
